

MCP Development Plan

We can offer these MCP's -

COMPLETE MCP TOOL CATALOG FOR YOUR PLATFORM

1. ROBOT PHYSICAL LAYER (AGX Thor – Custom/Hardware-Tied)

These connect directly to your robot hardware and must be custom-built or ROS-integrated:

Table

#	Tool	MCP Server / Source	Type	Notes
1	Face Recognition	opencv-mcp-server + Custom	Open Source	Real-time face detection & identification
2	Person Detection	opencv-mcp-server / perception	Open Source	Human detection in camera feed
3	PPE Detection	opencv-mcp-server + Custom CV model	Open Source	Safety helmet, vest, glove detection

4	Fire Detection	<code>opencv-mcp-server</code> + Custom model	Open Source	Thermal/visual fire detection
5	Smoke Detection	<code>opencv-mcp-server</code> + Custom model	Open Source	Smoke pattern recognition
6	Object Detection	<code>opencv-mcp-server</code> / <code>perceptron</code>	Open Source	General object classification & localization
7	Defect Detection	<code>perceptron</code> / Custom	Open Source	Quality control visual inspection
8	Shelf Inventory	<code>opencv-mcp-server</code> + Custom	Open Source	Count items on shelves via camera
9	Navigation	<code>nav2_mcp_server</code> (ROS2)	Open Source	<code>navigate_to_pos</code> e, waypoints, docking, spin

10	Battery Status	Custom ROS2 MCP	Custom	Real-time voltage, charge, health telemetry
11	Camera Control	Custom ROS2 MCP	Custom	Pan/tilt/zoom, capture, stream settings
12	Manipulation	Custom ROS2 MCP	Custom	Arm/gripper control, pick-and-place
13	Audio/Speech	Custom ROS2 MCP	Custom	Voice recognition, TTS, audio playback
14	Diagnostics	Custom ROS2 MCP	Custom	System health, error logs, sensor status
15	RFID Reader	Custom + Serial MCP	Custom	Asset tag reading/writing
16	Barcode Reader	opencv-mcp-server + Custom	Open Source	1D/2D barcode scanning via camera

17	QR Reader	opencv-mcp-server + Custom	Open Source	QR code decode via camera
18	Visitor Management	Custom + n8n Workflow	Custom	Check-in, badge generation, access logs

2. COMMUNICATION & COLLABORATION

Table

#	Tool	MCP Server / Source	Type	Notes
19	Gmail	taylorwilsdon/google_workspace_mcp	Open Source	Read, send, search, label, thread analysis
20	Gmail (Alt)	bastienchabal/gmail-mcp	Open Source	Deep thread analysis + Calendar auto-detect
21	Gmail (Go)	kpiwko/gmail-mcp-server	Open Source	Containerized, HTTP transport

22	Outlook	momer17/MailMCP	Open Source	Email + Calendar + Tasks unified
23	Outlook Calendar	OutlookCalendarMCP	Open Source	Create, update, delete, find free time
24	Google Chat	taylorwilson/google_workspace_mcp	Open Source	Workspace Chat messaging
25	Google Meet	taylorwilson/google_workspace_mcp	Open Source	Meeting creation, scheduling, links
26	Slack	Composio / OpenTabs	Free Tier / Open Source	Channels, messages, notifications
27	Microsoft Teams	Composio / WithOne	Free Tier	Chat, meetings, channels

28	Discord	OpenTabs	Open Source	Messages, channels, server management
29	Zoom	Composio / WithOne	Free Tier	Meeting creation, scheduling
30	Telegram	Composio	Free Tier	Bot messaging

3. CALENDAR & SCHEDULING

Table

#	Tool	MCP Server / Source	Type	Notes
31	Calendar (Google)	taylorwilson/google_workspace_mcp	Open Source	CRUD events, availability, recurring
32	Calendar (Outlook)	momer17/MailMCP	Open Source	Full event lifecycle + free-time finder

33	Appointment System	calendesk MCP	Open Source	Booking, rescheduling, notifications
34	Appointment (Custom)	n8n Workflow + Google Calendar	Open Source	Medical/corporate appointment logic
35	Tasks (Google)	taylorwilsdon/google_workspace_mcp	Open Source	Create, complete, manage to-dos
36	Tasks (Outlook)	momer17/MailMCP	Open Source	Task management integrated
37	Reminders	momer17/MailMCP	Open Source	Smart reminders with scheduling

4. 📁 PRODUCTIVITY & OFFICE

Table

#	Tool	MCP Server / Source	Type	Notes
---	------	---------------------	------	-------

38	Google Drive	taylorwilson/google_workspace_mcp	Open Source	Upload, download, search, organize
39	OneDrive	WithOne / Composio	Free Tier	File storage, sync, sharing
40	Google Docs	taylorwilson/google_workspace_mcp	Open Source	Create, edit, format documents
41	Google Sheets	taylorwilson/google_workspace_mcp	Open Source	Read, write, formulas, charts
42	Google Forms	taylorwilson/google_workspace_mcp	Open Source	Create surveys, collect responses
43	Google Slides	taylorwilson/google_workspace_mcp	Open Source	Presentation creation

44	Excel Reader	taylorwilsdon/google_workspace_mcp	Open Source	Parse .xlsx via Sheets API
45	PowerPoint Reader	taylorwilsdon/google_workspace_mcp	Open Source	Parse .pptx via Slides API
46	Microsoft Word	WithOne / Composio	Free Tier	Document editing
47	Microsoft Excel	WithOne / Composio	Free Tier	Spreadsheet operations
48	Microsoft PowerPoint	WithOne / Composio	Free Tier	Presentation editing
49	Notion	Composio / OpenTabs	Free Tier	Databases, wikis, project mgmt
50	Confluence	athapong/aio-mcp / Composio	Open Source / Free	Documentation, wikis

51	SharePoint	Composio / AIO-MCP	Free Tier	Document management, intranet
52	Google Workspace	taylorwilson/google_workspace_mcp	Open Source	Complete suite (Core/Extended/Complete tiers)
53	Google Contacts	taylorwilson/google_workspace_mcp	Open Source	Contact CRUD, search
54	Google People API	taylorwilson/google_workspace_mcp	Open Source	Directory lookup, profile info
55	Google Apps Script	taylorwilson/google_workspace_mcp	Open Source	Automation scripts execution

5. 🔍 SEARCH & KNOWLEDGE

Table

#	Tool	MCP Server / Source	Type	Notes
56	Wikipedia	Official wikipedia MCP	Open Source	Article search, summary, content
57	Web Search	brave-search (Official)	Free Tier	Privacy-focused web search
58	Web Search (DuckDuckGo)	duckduckgo MCP	Open Source	Anonymous search
59	Google Search	taylorwilsdon/google_workspace_mcp	Open Source	Custom Search Engine integration
60	News Search	Composio / WithOne	Free Tier	Current events, news aggregation
61	Tourist Information	Wikipedia + Maps + Web Search combo	Open Source	Attractions, guides, reviews

62	Knowledge Base	memory (Official) / Confluence	Open Source	Persistent knowledge graph
63	Translation	sequential-thinking + Google Translate	Open Source	Multi-language translation
64	Calculator	sequential-thinking / Custom	Open Source	Math computation

6. 🌐 LOCATION & LOCAL SERVICES

Table

#	Tool	MCP Server / Source	Type	Notes
65	Maps	cablate/mcp-google-map	Open Source	Places, directions, nearby search
66	Traffic	cablate/mcp-google-map	Open Source	Real-time traffic, route optimization

67	Restaurant Search	cablate/mcp-google-map	Open Source	Nearby dining, reviews, hours
68	Local Events	Composio / WithOne + Maps	Free Tier	Event discovery by location
69	Timezone	mcp-server-time (Official)	Open Source	All IANA timezones, conversion
70	Timezone (Advanced)	timezone-toolkit	Open Source	Sunrise/sunset, moon phase, business days
71	Weather	dangahagan/weather-mcp	Open Source	Global forecasts, no API key
72	Is it raining outside?	dangahagan/weather-mcp + Location	Open Source	Context-aware weather query
73	Currency	currency-mcp (Frankfurter)	Open Source	31+ currencies, historical rates, no key

74	Currency (ExchangeRate)	Custom FastMCP	Open Source	161 currencies via ExchangeRate-API
----	----------------------------	----------------	----------------	--

7. BUSINESS & ENTERPRISE SYSTEMS

Table

#	Tool	MCP Server / Source	Type	Notes
75	Jira	athapong/aio-mcp / Composio	Open Source / Free	Issues, sprints, project tracking
76	GitHub	athapong/aio-mcp / Composio	Open Source	Repos, issues, PRs, code search
77	GitLab	athapong/aio-mcp	Open Source	Repos, CI/CD, issues
78	Salesforce	Composio	Free Tier	CRM, leads, opportunities

79	HubSpot	Composio	Free Tier	Marketing, sales, CRM
80	SAP	Composio	Free Tier	ERP, inventory, finance
81	Oracle ERP	Composio	Free Tier	Enterprise resource planning
82	MES	Custom / Composio	Custom	Manufacturing execution systems
83	CRM (Generic)	Composio / WithOne	Free Tier	Customer relationship management
84	HRMS	Composio	Free Tier	HR, payroll, attendance
85	WMS	Composio	Free Tier	Warehouse management
86	Linear	Composio / OpenTabs	Free Tier	Software project management

87	Asana	Composio / WithOne	Free Tier	Task & project management
88	Monday.com	Composio	Free Tier	Work management
89	Trello	Composio / OpenTabs	Free Tier	Kanban boards
90	Airtable	Composio / WithOne	Free Tier	Database-spreadsheet hybrid
91	QuickBooks	Composio	Free Tier	Accounting, invoicing
92	Stripe	Composio / OpenTabs	Free Tier	Payments, billing
93	AWS	OpenTabs / Composio	Free Tier	Cloud resource management
94	Azure	Composio	Free Tier	Cloud services
95	Google Cloud	Composio	Free Tier	Cloud resource ops

8. MEDICAL & FACILITY MANAGEMENT

Table

#	Tool	MCP Server / Source	Type	Notes
96	Visitor Management	Custom + n8n	Custom	Check-in, badges, access control
97	Appointment System	calendesk / n8n + Calendar	Open Source	Scheduling, reminders, cancellations
98	Product Catalog	Custom / Composio	Custom	Medical supplies, inventory lookup
99	RFID Asset Tracking	Custom + Serial MCP	Custom	Equipment location, maintenance logs
100	Shelf Inventory	opencv-mcp-server + Custom	Open Source	Automated stock counting via robot vision

101	Defect Detection	<code>perceptron</code> + Custom	Open Source	Medical equipment QC
102	Patient Records	Custom + HIPAA-compliant DB	Custom	Secure record access (build custom)
103	Room Booking	n8n + Google Calendar	Open Source	Conference/operating room scheduling

9. DOCUMENT & MEDIA PROCESSING

Table

#	Tool	MCP Server / Source	Type	Notes
104	OCR	<code>perceptron / opencv-mcp-server</code>	Open Source	Text extraction from images/PDFs
105	OCR (Advanced)	<code>chuk-mcp-artifact-server</code>	Open Source	Document artifact processing

106	Excel Reader	taylorwilsdon/google_workspace_mcp	Open Source	Parse spreadsheets
107	PowerPoint Reader	taylorwilsdon/google_workspace_mcp	Open Source	Parse presentations
108	PDF Processing	pdf MCP (Community)	Open Source	Read, extract, summarize PDFs
109	Image Analysis	perceptron	Open Source	VQA, scene understanding
110	Video Analysis	Custom + Perceptron	Custom	Frame extraction, activity recognition
111	Barcode Reader	opencv-mcp-server + Custom	Open Source	1D barcode decode

112	QR Reader	opencv-mcp-server + Custom	Open Source	QR decode & URL extraction
113	YouTube	athapong/aio-mcp	Open Source	Search, transcript, video info

10. UTILITIES & TOOLS

Table

#	Tool	MCP Server / Source	Type	Notes
114	Weather	dangahagan/weather-mcp	Open Source	Current + forecast, global
115	Time/Timezone	mcp-server-time (Official)	Open Source	Current time, conversion, all IANA zones
116	Currency	currency-mcp (Frankfurter)	Open Source	Live + historical exchange rates

117	Calculator	sequential-thinking / Custom	Open Source	Math, unit conversion
118	Translation	Google Translate via Composio	Free Tier	100+ languages
119	Password Generator	Custom / Community	Open Source	Secure password creation
120	URL Shortener	Composio / WithOne	Free Tier	Link management
121	File Conversion	n8n Workflow	Open Source	Format conversion pipelines

11. AUTOMATION & INTEGRATION PLATFORMS

These are meta-platforms that expose hundreds of tools through a single MCP connection:

Table				
#	Platform	Integrations	Type	Best For

122	Composio	500+ apps, 10,000+ tools	Free Tier (20K calls/mo)	Broad SaaS coverage, OAuth handling
123	WithOne	489+ integrations	Free Tier (1M calls/mo)	Universal tool access, low context overhead
124	n8n	500+ nodes + AI workflow builder	Open Source (Community)	Complex automations, custom logic
125	Metorial	1,200+ integrations catalog	Open Source	Governance, RBAC, audit, registry
126	OpenTabs	100+ plugins, ~2,000 tools	Open Source (MIT)	Gap-filling for niche web apps

127	AIO-MCP	GitLab, Jira, Confluence, GWS, YouTube	Open Source (MIT)	Developer workflow bundling
128	Google Workspace MCP	Gmail, Drive, Calendar, Docs, Sheets, Meet, Chat, Tasks, Contacts, Forms, People, Apps Script	Open Source	Complete Google Workspace

12. E-COMMERCE & RETAIL

Table

#	Tool	MCP Server / Source	Type	Notes
129	Product Catalog	Custom / Composio	Custom	Inventory search, pricing, availability
130	Shopify	Composio / WithOne	Free Tier	Store management, orders, products

131	WooCommerce	Composio	Free Tier	WordPress e-commerce
132	Amazon Seller	Composio	Free Tier	Inventory, orders, analytics
133	Inventory Management	Custom + n8n	Custom	Stock levels, reorder alerts
134	Order Tracking	n8n + Shipping APIs	Open Source	Package tracking, notifications

 SUMMARY: WHAT EACH PLATFORM PROVIDES

Table

Platform	Your PDF Items Covered	Extra Items	Best For
Google Workspace MCP (taylorwilson)	Gmail, Calendar, Drive, Docs, Sheets, Meet, Chat, Tasks, Contacts, Forms	People, Apps Script, Custom Search	Enterprise productivity (absolute must-have)

Composio	Jira, Slack, Notion, Salesforce, SAP, Outlook, OneDrive, Teams, Zoom	500+ apps total	Universal SaaS gateway
WithOne	OneDrive, Outlook, Teams, various SaaS	489+ integrations	Low-context universal access
n8n	Appointment workflows, Visitor Management, custom logic	500+ nodes, AI builds workflows	Automation engine & glue
AIO-MCP	Jira, Confluence, GitLab, YouTube	Google Workspace bundle	Developer/team workflows
OpenTabs	Discord, Figma, Netflix, Spotify, Robinhood, Stripe	100+ plugins	Niche gap-filling
Metorial	Registry for ALL above	1,200+ catalog, governance	Control plane, audit, compliance

Custom/ROS2	Face Recognition, Person Detection, PPE, Fire, Smoke, Object Detection, Navigation, Battery, Camera, Manipulation, Audio, Diagnostics, RFID, Barcode, QR, Shelf Inventory, Defect Detection	—	Robot physical layer
-------------	---	---	----------------------

RECOMMENDED "OUT OF THE BOX" BUNDLE FOR YOUR PLATFORM

Starter Pack (Immediate — Week 1)

1. Google Workspace MCP (Gmail, Calendar, Drive, Docs, Sheets, Meet)
2. Weather MCP
3. Time/Timezone MCP
4. Currency MCP
5. Wikipedia MCP
6. Web Search (Brave)
7. Maps MCP
8. OpenCV MCP (Face, Object, Person Detection)

Professional Pack (Week 2-3)

9. Composio MCP (Jira, Slack, Notion, Salesforce, etc.)
10. n8n Instance MCP (workflow automation)
11. Outlook/Email MCP
12. Appointment System MCP
13. Visitor Management (custom + n8n)
14. OCR + Document Processing

Enterprise Pack (Week 4-6)

- 15. Metorial Control Plane (governance, audit)
- 16. SAP/Oracle ERP (via Composio)
- 17. HRMS/WMS (via Composio)
- 18. SharePoint/Confluence (AIO-MCP)
- 19. Advanced Vision (Perceptron)
- 20. Product Catalog + RFID (custom)

What resources we have for providing mcp's -

<https://github.com/athapong/aio-mcp>

<https://composio.dev/pricing>

<https://n8n.io/integrations/>

<https://www.withone.ai/knowledge>

<https://github.com/metorial/metorial-index>

<https://github.com/opentabs-dev/opentabs/tree/main/plugins>

<https://developers.google.com/workspace/guides/configure-mcp-servers>

https://github.com/taylorwilsdon/google_workspace_mcp

Dev plan -

We can add minimum MCP's on dashboard for tenant others will be just visible , user can pay to enable (we will not tell them how we are enabling that MCP we will utilize any platform user just need to configure their details from ui only
